## **The Jim Haig Call to Action Award**

Jim Haig was both a friend and an example to anyone whose goals include professional success and a desire for service. In honor of Jim's example of service, the Utah Association of Health Underwriters recognizes a member who willingly steps forward to provide service or leadership for the good of our industry and progress of our association's mission.

Jim Haig was a great example to everyone in our industry. He was a successful health insurance producer but it was the time and dedication that he gave to his peers and our industry that exemplifies the stature of our friend and colleague.

Jim showed us all how to conduct our business lives; while growing his business was important, he never used it as an excuse to shrink from serving our association. In addition to his years of service to UAHU, he also served in multiple positions with NAHU and was an NAHU Distinguished Service Award recipient.

Jim's impact on our industry—both local and national—cannot be overestimated. His true passion was industry ethics and therein lies his greatest contribution. Jim Haig personified this attitude in his everyday life.
